About Our Models... Unless otherwise noted, all of the HO scale locomotive models in this catalog feature a finely molded body, glazed windows, a powerful motor, a die cast chassis, RP25 metal wheels, magnetically operated knuckle couplers, and arrive ready to run. Typically, most N scale rolling stock models come with plastic wheels. A final reminder: products in this catalog are not toys; they are intended for modelers and railfans ages 14 and above.

If, in the catalog, you see one of these badges, it means that the loco next to it has built-in DCC or DCC & sound! Unless otherwise noted, if a product is “DCC-equipped,” it works on standard DC or DCC systems.

1 Bachmann

DCC – Equipped for speed, direction, and lighting.

DCC Sound Value – Equipped for speed, direction, lighting, and 6 standard sounds.

DCC & Sound – (Bachmann Spectrum) – Equipped for speed, direction, lighting, and sounds, including engine startup and shutdown, bell, air horn, coupler crash, dynamic brakes and brake squeal, radiator fans, and more.

3 Athearn Genesis

DCC – Equipped for speed, direction, and lighting.

DCC & Sound – Equipped for speed, direction, lighting, and 19 sounds such as horn, bell, coupler crash, dynamic brakes and brake squeal, and air release.

2 Broadway Limited Paragon 2

DCC & Sound – Equipped for speed, direction, and lighting, and features built-in controllable sounds such as engine chuff, whistles, bell, reverse mechanism shift and creak, passenger station, freight yard, lumber yard, farm, maintenance yard, and others; recordable DCC operation for automated playback; and synchronized puffing smoke (steam locomotives).

4 Other Brands

DCC & Sound – Equipped for speed, direction, lighting, and sounds, including horn, bell, coupler crash, dynamic brakes and brake squeal, air release, and many others.
