Dear Fellow Railfan,

Congratulations, you survived the holidays and a wild 2020! Here at *Historic Rail*, to commemorate the New Year, we're offering a host of new products, like the print on the cover displaying a vintage Duluth, Missabe and Iron Range steam train. The DM&IR Railway was formed in 1937 and ran until its merger with Wisconsin Central Ltd. in 2011. The railway operated in northern Minnesota and Wisconsin, hauling iron ore and later taconite to the Great Lakes ports of Duluth and Two Harbors, Minnesota. Check out the videos here on page 2 for more history on the DM&IR.

There is plenty more railroad history to be found in the books on pages 6 and 7, and more DVDs on page 8. If automotive history is your thing, we also have vintage models and books starting on page 28.

So, flip through and choose your favorites! Then call us toll free at 800-261-5922, mail in the order form provided, or place your order online at HistoricRail.com.

Thanks for shopping with us!
